Steve and Connie Larson serving with Global Training Netork **Training Leaders † Transforming Lives**

Please pray for my upcoming heart test

On September 3 I (Steve) will have another Echocardiogram to see if my heart function has improved to the place where Connie and I can resume our ministry overseas. Pray that the Echo shows a substantial improvement in my heart function!!

Connie and I have been blessed to be teaching biblical principles of parenting to young parents. We've seen a wonderful response as parents gain confidence to proactively train their children to please God in their relationship with Jesus, their character, and their wisdom!

What have we done with 2019?

Even though Steve's heart trouble is temporarily confining us to the US, we have not stopped serving Jesus Christ or his church.

- We've led several marriage and parenting workshops in Southern California
- Both Steve and Connie have been mentoring, discipling and counseling young people in their journey towards Jesus.
- Our counseling ministry has been very active. We've been helping couples, families, and singles going through times of spiritual and emotional crisis as well as relationship difficulties.
- Steve is preaching on a regular basis

What are our hopes for the rest of 2019?

- In faith, Connie and I are planning a trip in early October to Liberia, Africa to stir Pastors and Wives to godly relationships
- I am beginning communication to resume my schedule in Nepal to train Pastors in remote areas. I'm hoping for sometime in November/December to return to Nepal.
- I'm also beginning to pray and plan to return to Ethiopia to join a team to train Pastors there!

We'd love to serve YOU!

If you would like to invite us to your church or even put together a small group, we'd love to come to your area to encourage you in the areas of family, marriage, or parenting! We are seeing more and more fruit from this ministry and we'd like to share that with you. You can either email us or text Connie (805) 657-3653 if you'd like to explore that more.
